

Date Claimer

23 October 2010

Please reserve in your diary. This will be a combined conference with Area 9. More details soon.

What Happens at an Area Conference?

Speech Contests

Speakers from Far Northern Clubs compete in 4 contests to determine the best speakers of Area 32.

- **International Speech Contest**
Our best speakers will be competing to represent our District in Las Vegas for the World Champion of Public Speaking title. Speakers can speak on any topic at all, so long as it's original. Last year A9 contestant Pushpa Vida represented our District. Will the best come from A32 this year?
- **Humorous Speech Contest**
Humorous speaking, which must be original, and a speech, not a monologue or series of one-liners. We're seeking a 7 minute speech with a lot of humour value, but also displaying good speechmaking abilities.
- **Evaluation Contest**
A target speaker gives a speech which all the evaluation contestants are to evaluate. Since no contestant hears what another said about the target speech, the judges can compare the analytical abilities of the contestants.
- **Table Topics Contest**
Impromptu speaking where all contestants speak on the same topic. The topic is typically be general in nature and not require specialised knowledge which some contestants might have while others might not.

Judging

For non-competitors there is an opportunity to be a judge of the contests. To register your interest please email Nicky Jurd on ag32@toastmastersd69.org.

Nervous Energy

Inevitably your fellow club members entering the contests will be needing extra support! Come along as a friendly face in the crowd and wear a warm smile to encourage your friends to do their best on the day.

For more info contact your friendly A32 Governor, Nicky Jurd, who might bake conference cupcakes.
