

# THE TIME HAS COME!

**The Time Has Come** – to stop staring into the distant future, dripping with anxious perspiration! The Walrus and the Carpenter were all at sea when it came to deciding what to do. Don't let this be you!

**The Time Has Come** – when we're asked to deliver a speech at a wedding, a business presentation, or a report to management – to do something about that fear of speaking in public!

Feeling nervous when asked to speak to an audience is natural.

But don't let the thought  
of doing this ...

... scare you witless!

You *can* learn to control those nerves, you *can* become the speaker and leader that you want to be.

People who get ahead in life are those who can actively listen, think on their feet and speak confidently. And this can be you. You can learn these priceless skills with Toastmasters!

Confident speakers and leaders aren't born that way – they have learned it. And you can too. In Toastmasters you'll gain the practice to become a better negotiator. Gain trust. Sharpen your management skills. Be decisive.
