About the Toastmasters Speechcraft Programme

Competition in the marketplace is getting stronger and your job is getting tougher, so you need an edge.

Speechcraft gives you that edge by providing you with the opportunity and the tools to develop and hone your communication skills.

These interactive fun sessions will put pizzaz in your presentations.

The program covers:

- speech topics for thinking creatively
- impromptu speaking for responding on the spot
- the value of time – getting your message across
- speaking to an objective – speaking with clarity
- running effective and productive meetings- time efficiency
- the art of constructive feedback
