

AREA 28 GOVERNOR REPORT

:

At the Area 28 Council meeting club Presidents gave comprehensive reports on their Clubs. They all have plans to continue their steady growth. Most clubs have good membership. Cooloola Coast is hosting the Area 28 Conference on 13th October at Tin Can Bay. While this is the main event for the Area this year, Gympie Goaldiggers will host the Tall Tales Speech Contest in 2013. Maryborough will continue to conduct their Youth Leadership and Speechcraft programs. South Burnett are concentrating on increasing membership and promoting membership participation. Weblec are continuing to work towards educational goals, awards and supporting each other.

Attendance at Club Officer Training was moderate. Clubs nearer to the training were represented well, while those further afield had only 1 or 2 members attend. Each club has different challenges.

Four members of Area 28 attended the Presidents weekend and did an excellent job of running the raffle.

All Clubs are busy running their speech contests. Some are able to support each other while others use members within their clubs for judges.

Planning for the Conference is going well, with Kaye Olson of Cooloola Coast using it as her HPL project and doing a fine job.
