

AREA 5 GOVERNOR'S REPORT

Welcome to Area 5 where we have 6 clubs: Adventurers, API, Boeing, Citec, DC and Brisbane City Council. All are unique in the running of the club and their goals for this year but all definitely focused on promoting the mission and benefits of Toastmasters. These goals will also toward the theme for this year which is "Effective Leadership Through Quality Learning".

During the last 6 weeks I have had the opportunity to visit 5 of these clubs and speak over the phone with the President of the 6th. All of our clubs are looking for encouragement, support to increase membership while welcoming guests, and to strive to achieve their educational goals.

Our annual conference and speech contests will be held On October 27th at the Irish Club in the Brisbane CBD with club contests being scheduled thus allowing club members to gain experience in speaking in competition mode.

I am enjoying the challenge of being Area Governor and look forward to a very successful and fulfilling year.

Bev. Seawright Area 5 Governor.
