

District 69 Area 32 Governor Report

CLUB VISITS

Mt Sheridan

1st official visit: Thursday 16 August 2012

Health check: The Mt Sheridan Club is a strong, vibrant Club with 18 members made up of a mixture of experienced and new members. They have five potential new members.

Innisfail

1st official visit: Saturday 18 August 2012

Health check: Yesterday, I met with the members of the Innisfail Club and while the meeting was not on their normal meeting night, as the members have been in a mini recess since the beginning of July 2012, the visit was conducted as an official visit to discuss the viability of the Club. The Club only have six members, are feeling worn out and as of yesterday had not elected a new Executive. After discussing various options, the members agreed to continue with the Club. An Executive was elected (President, VPM, Secretary, Treasurer and SAA) and an officers' list will soon be posted on the International website. Although weary, I felt the members left the meeting a little more motivated.

Top Table

1st official visit programmed for Monday 20 August 2012

Health check: Top Table currently have 13 members. On Sunday 19 August 2012, the Club participated in the Malanda Community Innovation and Fun Expo. This was an excellent opportunity to promote Toastmasters and the members believe they will pick up a few new members from their involvement in the event.
