

AREA 24 GOVERNOR REPORT

My four clubs are progressing well since commencing my role on the 1st of July.

Having visited 3 of my clubs so far getting to know my members of the clubs and will be visiting again in assisting with club competitions which are in full swing.

I am currently scheduling dates for my official visits to be done after the club competitions.

My clubs have been given the opportunity to man a stall at the Gold Coast Show the weekend of the 31st August, where hopefully new members will be recruited for our clubs.

Currently I am holding information sessions to start a day club in Nerang for Mums/ Dads or those who prefer or can't go out at night. So far I have 5 people interested in this club.

Preparations for the Area 24 conference are underway to be held on Sunday the 14th October and should be both entertaining, educational and an inspiring Conference.
