### DCP Goals

Club Officer Training – At this stage all Clubs except Inverell breakfast had 4 officers trained. This is a great achievement particularly for Moree who would not have done this for a couple of years.

Contests: Glen Innes are having their competitions in October/November.

Success Stories; Both Glen Innes and Moree have new members which is terrific. Inverell breakfast has a potential new member and Inverell evening has had a couple of enquiries.

### Other Information/Comments:

Northern Nomads is developing a format for a facilitated discussion focussing on Leadership and how the members perceive the Club executive are fulfilling their roles. Nomads have been working on developing a vision statement for the club and considering ways that all members can be challenged and encouraged to 'raise the bar'.

Inverell Evening Club is organising a public forum for candidates in the upcoming council election to address the Public. This will be held in the auditorium of the RSM Club. Candidates will be given 5-7 minutes to speak and there will then be time for questions from the audience. The club is also interested working in the community to promote understanding about hearing difficulties.
