

Motion 6. - Banner Parade Order

Preamble to Motion 6

Western Division is alphabetically last on the list and therefore is always at the end of the banner parade. Western Division would like to be first in the parade if hosting. It would also like the alphabetical order to be consistent with the host club. If Northern Division was hosting, the order of the banners would be Northern, Southern, Western, Central, Eastern and Metro. If Eastern was leading, Central would be last. Western should not always be the last.

Motion

That for the banner parade held at the District Convention the host Division should lead the event with the other Divisions following in alphabetical order after the host Division

Moved by Julia Hassall (Western Division Governor)
