

## Club Mission

We provide a supportive and positive learning experience in which members are empowered to develop communication and leadership skills, resulting in greater self-confidence and personal growth

### *How Good is Your Club* – continued

**No. 20:** Does your club set a membership goal each year and try to maintain 20 members? - as you are all aware we do not have a 20 member base, however we are trying to encourage members to join our club in many ways, promotion, ads in the paper and just speaking to people and inviting them along.

**No.21.** Are new members orientated to the Toastmasters Program immediately after joining? - as soon as possible, Chris Going our VPE follows up with new members assisting them in how the Pathways and Easy Speak systems work.

**No. 28.** Are new members assigned a mentor? – no, this is something we do need to work on and sometimes this is difficult with a small membership however if any member new or longer standing would like a mentor, please speak to Chris Going or myself.

**No. 31.** Are new members formally inducted and given a membership pin, certificate & name badge – in this club we do formally induct our members and give them a name badge only which is quite acceptable.
