

CENTRAL DIVISION DIRECTOR REPORT

28 February 2019

Our Division DCP indicates that we have a base of 28 clubs, but now have only 26 paid clubs.

100% of Area Reports were submitted for first visits.

Only 18 of the 26 paid clubs, i.e. 69% of the clubs, reported that a minimum of 4 executive officers attended the second round of Club Leader Training, which is significantly down from the 77% for the first round of training.

Of the 26 paid clubs, ten (10) clubs have already achieved five (5) goals or more.

Currently, there are four (4) clubs at charter strength, two of which have already achieved five (5) goals. There are five (5) clubs, which only need one or two members to reach charter strength, but this may all change after the renewal period, on March 31.
