

Moreton Division Report: May 2019

As your Division Director of Moreton Division, It gives me enormous pleasure in serving the members of Moreton Division this Toastmasters year.

From when I nominated for the Division Director role from the floor at last year District Conference at Ipswich, I could not have ever imagined the level of support I have received from all clubs across the Division and leaders from our neighbouring Divisions to make this year a success.

Through all of the Educational events run by our Division leadership team, our clubs have truly come together to be a cohesive division that demonstrates care and support I feel for each and every one of our members. This was apparent with attendance level seen at our recent Division Conference in March with over 100 members present.

Our area Directors Chris Woodard, David Jones, Maria Buttazoni and Bruce Kerr have exceeded my expectations in the service of our member clubs, by visiting clubs over and above the minimum requirement and lodging their valued reports.

Every club paid its dues on time and high percentage of Club leaders were trained at both rounds of training.

While a few clubs in the Division experienced a reduction in its members base, on the whole most of our division clubs retained its members and a couple even grew.

We saw a new club charter in Bracken Ridge, and in formation club ,Inspiring trainers and another club North Lakes looking to be a club in formation within weeks showing strong growth. Exciting times so far this year.

I give my deepest thanks to Robert Green as Division Parliamentarian and Division TLI coordinator, Jenny Owens Division Secretary and Lisa Dodis Division Sgt at Arms for your industry and attention to detail to make Moreton Division events contain high quality our members deserve.

From the outset this year within our Division , Members truly matter.
