Realignment Committee Chair

District 69

Dear District Director Shane Cooper DTM,

Thank you for the privilege of serving as the Realignment Committee Chair for 2019.

The committee meets under Policy and Protocol 7.0 District Structure, 1. Club Assignments in the Governing Documents.

Every year this committee attempts to balance a number of priorities to allow for the successful completion of the District Mission – *We build new clubs and support all clubs in achieving excellence*. These priorities are:

- Geographical proximity.
- Growth Opportunities within the geographical area.
- Reasonable likelihood of the given clubs being able to source an Area Director.
- District 69's current fiscal resources to support, in a reasonable manner, those members who participate in the leadership roles that are on offer.
- Ensure that clubs have reasonable access to an Area Director; that Area Directors have reasonable access to a Division Director; that the Division Directors have reasonable access to the Senior District Officers.

This year the realignment proposal has been through several stages to reach the proposal attached.

In the initial stage a select committee looked at the current state of District 69. Following this assessment, a proposal to keep the number of divisions at 8 was confirmed. The select committee then proceeded to rebalance the number of clubs and areas in each division. This proposal was sent to the District Executive Committee for discussion in February.

A number of changes were adopted by the District Executive and this amended proposal was distributed to all clubs for discussion.

As always certain members have a very passionate view of how their club should be aligned while others saw the alignment of clubs as an unemotive administrative task. I would personally like to thank Bruce George for his guidance through this period.

Having received feedback on the amended proposal a penultimate proposal was discussed at the Electronic District Council Meeting in March. The final realignment proposal is what emerged from that meeting.

The final realignment proposal is attached, and I commend it to the District Council.

Yours sincerely,

Benjamin McCormick DTM,  
Realignment Committee Chair  
District 69, 2019

Enc.

## District Alignment

Districts must review and amend, if necessary, its alignment of the clubs, areas, and divisions once each year. Form an alignment committee to consider a plan that services the clubs in the most effective way possible and meets the requirements outlined in *Policy and Protocol 7.0 District Structure, 1. Club Assignments* in the [Governing Documents](#). It is important for the committee to consider club growth as well as club loss when contemplating an alignment. The alignment is subject to the approval of the district council at its annual business meeting in April/May and must be reported to Toastmasters International by July 15. Changes cannot be made after the approval by the council, so it's important to ensure that the alignment is correct and will be effective throughout the year.

Realignment proposal in consultation with current Division Directors.
